Day 1 REEF & RAINFOREST FLIGHT / COOKTOWN.

Your flight departs from General Aviation at Cairns airport. Flying along the coast is magnificent as you ascend over the Great Barrier Reef and her islands, cross deserted sections of coastline then over the world heritage protected rainforest glistening rich green below. The flight will take you over the same route of Captain Cook's discovery voyage; the coastline seems as isolated as it did 200 years ago. The Australian Landscape offers a wide range of experiences, only a few as unique or majestic as Queensland's - Australian Tropical Rainforest region. At Cooktown you will be met by our friendly guides who will whisk you away in a luxury 4x4 to the lodge (25 minutes south of Cooktown). Twenty minutes later we round the mystical Black Mountain National Park, you will almost feel as if you are in another world due to the trees and landscape. Arriving at Mungumby Lodge its time for a refreshing swim or an optional light rainforest walk or simply settle in to the tranquillity of the bird song. The rest of the day is yours to enjoy.
